### **USDA RURAL DEVELOPMENT ANNOUNCES LOAN FOR THE BACLIFF VOLUNTEER FIRE DEPARTMENT**

**Bacliff, Texas, November 19, 2002**--Bryan Daniel, Texas State Director, USDA Rural Development announced that Bacliff Volunteer Fire Department has received a \$452,260 loan through the agency's Community Facilities loan program. The effort is part of USDA's national program to help rural areas build and enhance essential community facilities.

"USDA Rural Development's Community Facilities program helps rural communities keep pace with the needs of their rising populations," said Daniel. "Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents."

The funds will be used to construct a new 5,400 square foot fire station facility. The existing facility is over 50 years old and in need of extensive repairs. The new building will accommodate the fire trucks and related fire fighting equipment. The population served by this project is 6,962.

In Fiscal Year 2002, a total of \$12 million in direct and guaranteed loans were obligated. Community Facilities loan funds may be used to construct, enlarge or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, jaws of life, early warning systems, community centers, libraries, day care centers and schools.
